

In our continuing effort to offer the products and services that our customers need, we have exciting news for 2007!

We at Kelley Engineering are proud to announce our collaboration with Main St. Computers in Monticello, IN to offer the full line of Ag Leader® and Trimble® ag products.

We will be a full service dealer and also have access to the experience of Dick Westermouse and his staff to provide you with the solutions that you need.

New for 2007!
